San Marcos Public Library

Accessing eBooks on the Computer
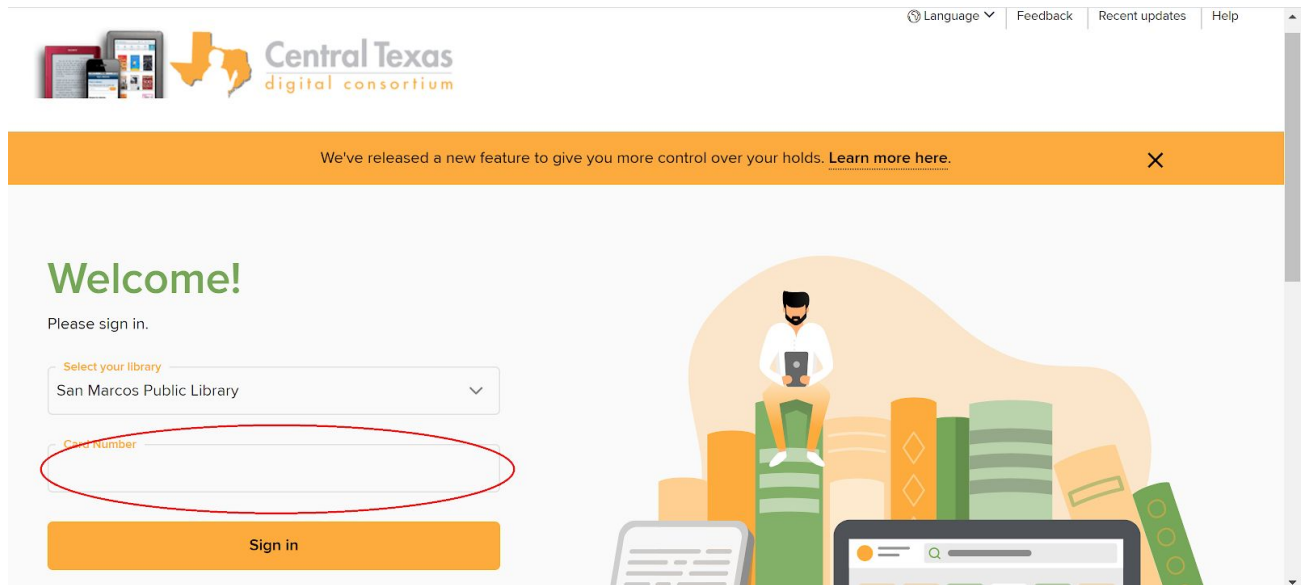

1. Start by going to this website: https://ctdl.overdrive.com/. Then click on "Sign In."
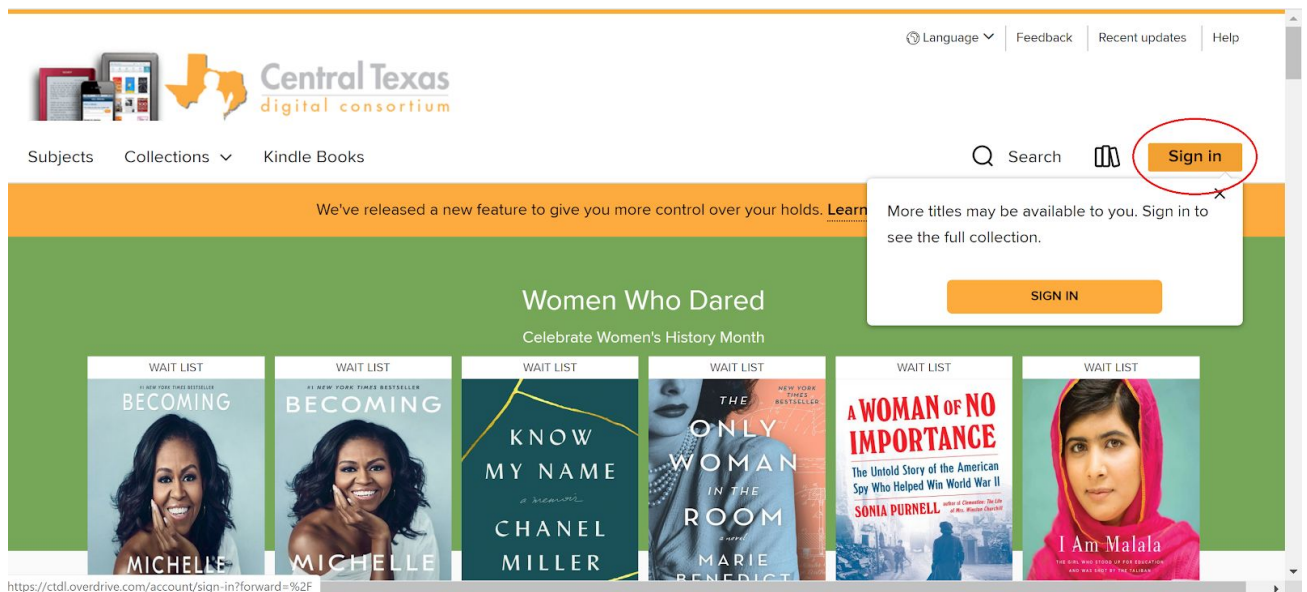

2. Start typing San Marcos Public Library, and then select it from the drop down menu.
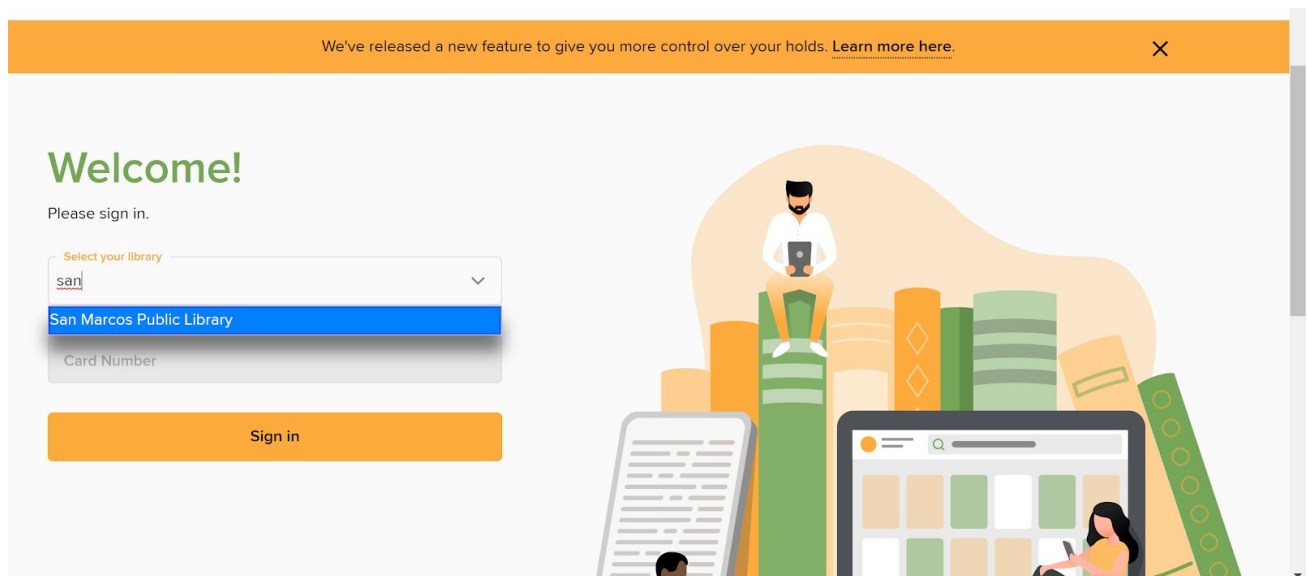

3. Enter your library card number.

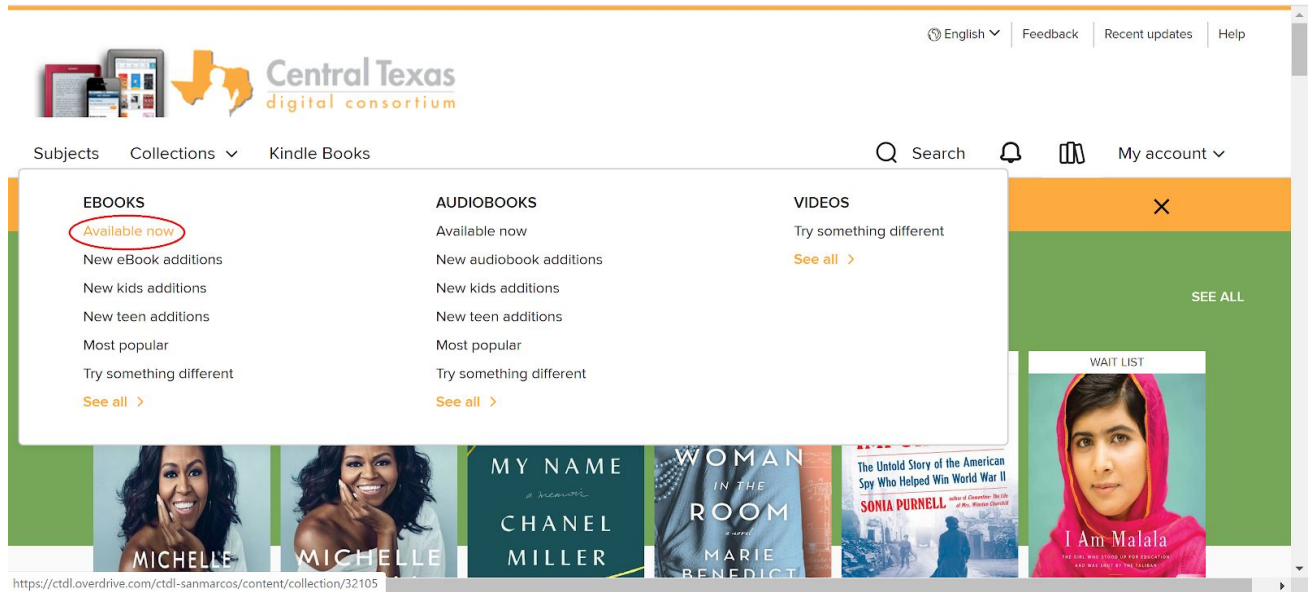

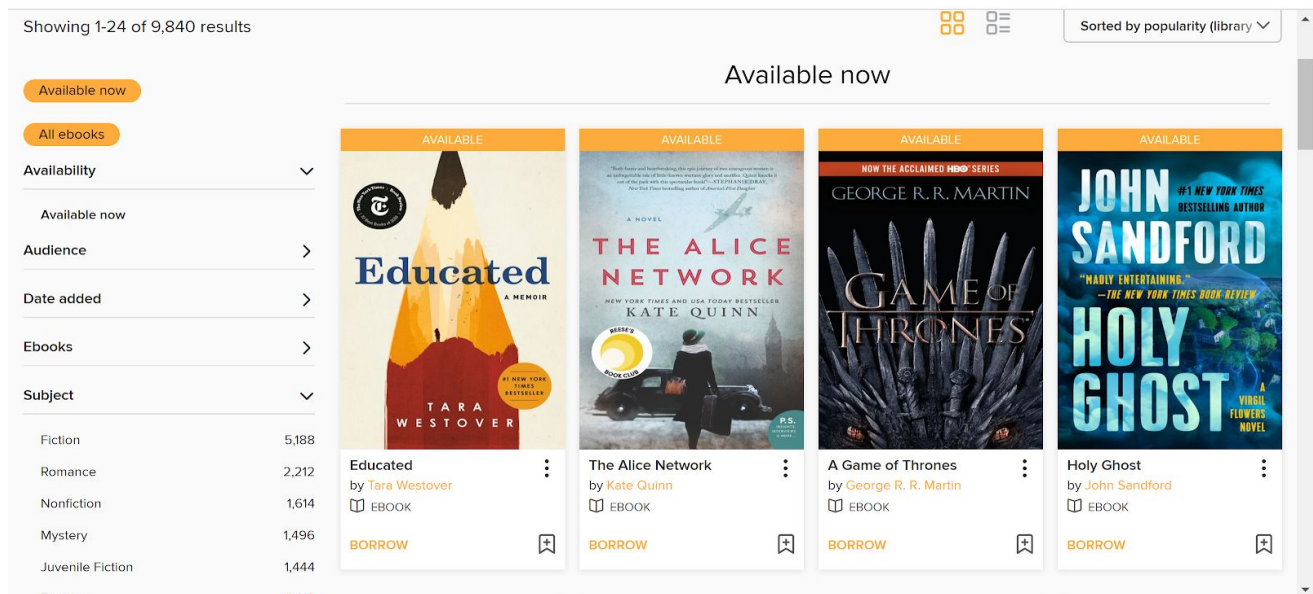

4. From here you can search for specific titles, or you can select "Collections" to search for available books.
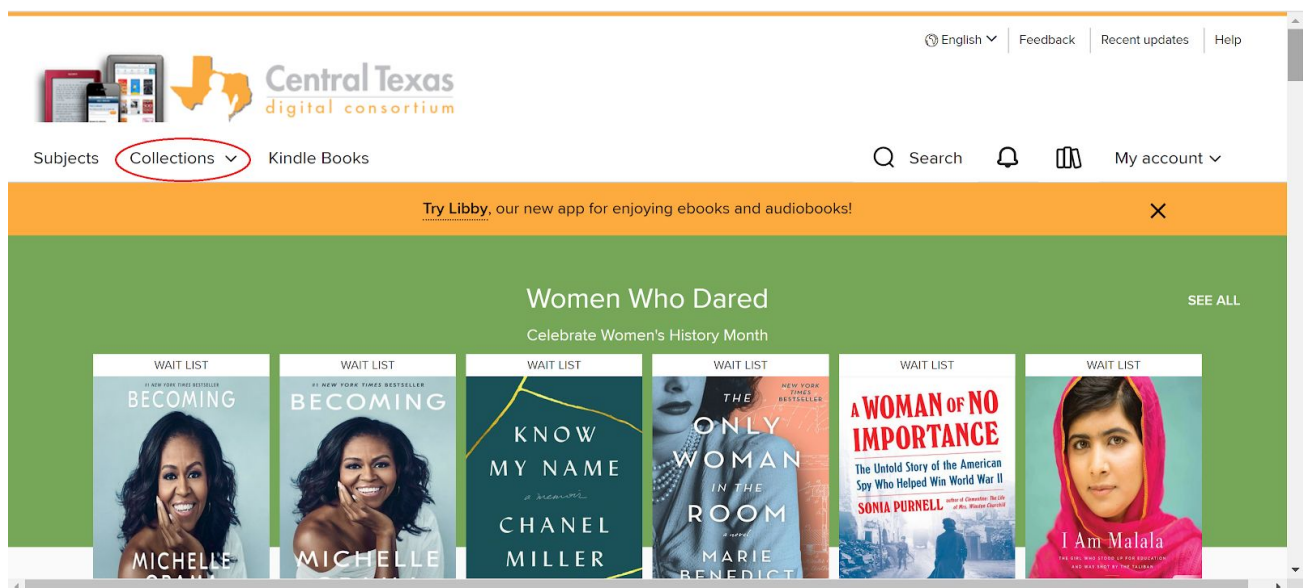

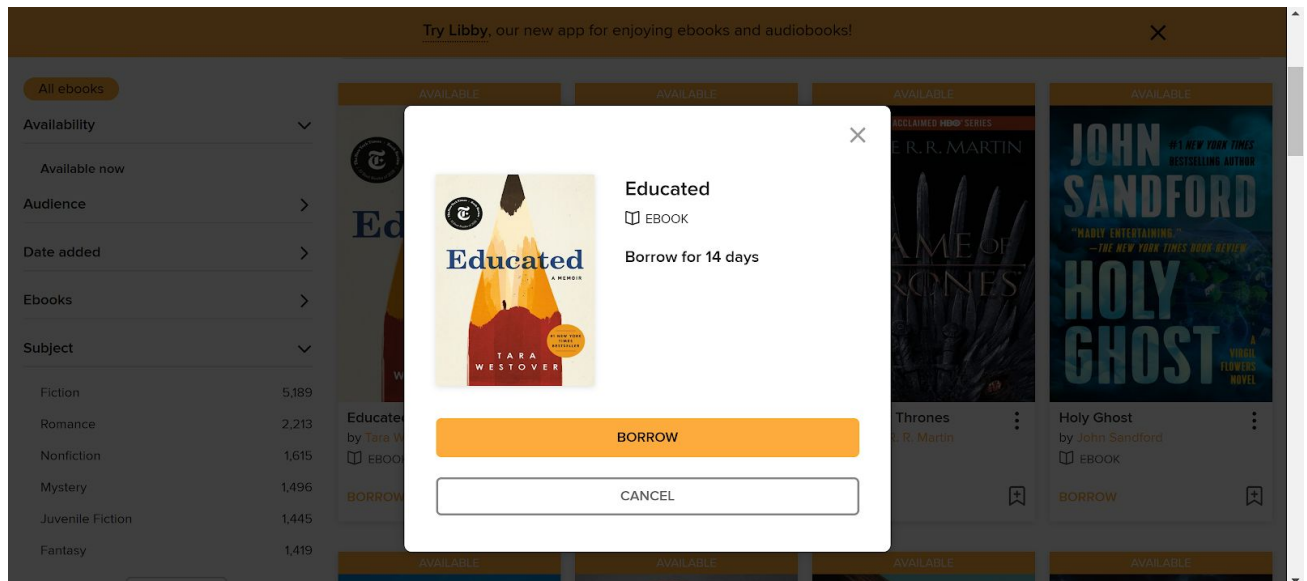

5. Select "Available Now" under eBooks.

6. Find the title you would like the check out and select "Borrow."

7. Select borrow.

8. At this screen you can choose how you would like to read your eBook. You can send it to your Kindle, download the ePub file to read on devices that are compatible with that type of file, or you can read it in your browser.

9. To access your loans from the main home page, click on "My Account" and then "Loans."
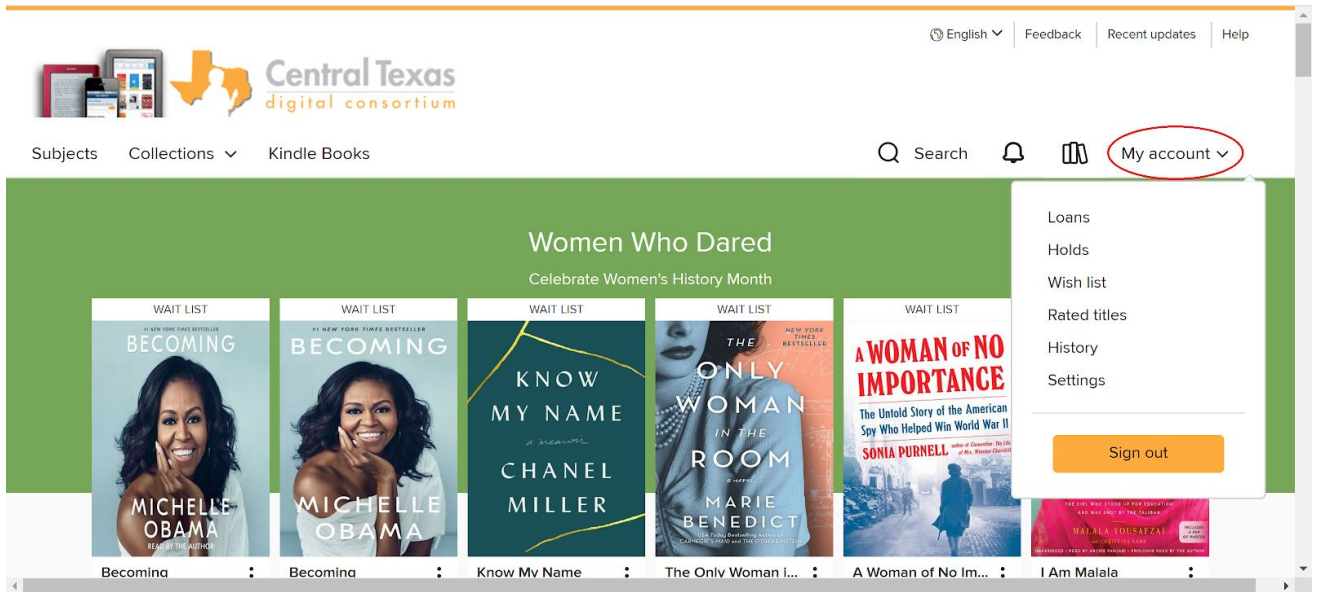

10. From here you can read or return any of your loans.
